Truckee-Carson Irrigation District Facility Yard, Shed

HAER No. NV-6

Location: 6th and Taylor Streets  
Fallon, Churchill County, Nevada

Date of Construction: 1934-1937

Architect: Unknown

Present Owner: U. S. Bureau of Reclamation

Present Use: Garage

Significance: The existing shed appears for the first time at the yard on the 1937 Civilian Conservation Corps map of Camp Newlands and replaces the old auto shed, which was probably removed in 1934 or 1935. By 1953, the building was labeled as the truck shed. It was not part of the original yard complex.

Project Information: Documentation on the structure was prepared by the Bureau of Reclamation and the University of Nevada, Reno, in compliance with Executive Order 11593 and a Memorandum of Agreement with the Advisory Council on Historic Preservation, the State of Nevada Division of Historic Preservation and Archaeology, and the U. S. Bureau of Reclamation.

Compiler: Donald Hardesty  
Department of Anthropology  
University of Nevada, Reno
